

Project no: 689043

Acronym : SELFBACK

Title: A decision support system for self-management of low back pain

Activity: PHC-28-2015 Predictive modelling RIA

Work Package 4:	User Interface and Interaction
Deliverable D4.7:	Demonstration of web-based questionnaire (DEMQ)
Organisation name of deliverable lead:	KIO
Author(s):	Michel Manago, Zaida Chaudhry, Alexandre Heissat, Etienne Clerc-Boichut, Guillaume Lengrand
Reviewer(s):	Barbara Nicholl
Participants:	KIO (questionnaire and demonstration), NTNU, GLA, NFA, UoSD (specification)
Type:	Demonstrator
Dissemination Level:	PU
Version:	1.0
Total no of pages:	5
Project Start date:	1. January 2016
Contractual delivery date:	Dec 31, 2016
Actual delivery date:	Dec 28, 2016
Keywords:	Questionnaire
Status:	Approved by the EC

#### Abstract

This document contains a link to a preview of the demonstration of the initial web-based questionnaire of selfBACK (user side and administrator side). The actual demo will be made during the first review of the selfBACK project. The questionnaire will be used for the initial sign-up to the SELFBACK system. It will also provide a secure back-end service for storing user authentication data (UIDs). This document contains test logins so that the reviewers can try the questionnaire before the review.

This project has received funding from the European Union Horizon 2020 research and innovation programme under grant agreement No 689043.

## Document History

Version	Date	Author(s)	Description
1.0	16/12/16	Michel Manago	Initial version of the document
1.0	28/2/17		Approved by the EC

## 1 Link to the Demonstration Preview Video of the Questionnaire

<https://selfback.net/demo-questionnaire/>

If you type this link in your browser, please do not forget the https:// before the site name and the / after demo-questionnaire. Otherwise the link will not work.

## 2 Test Accounts

The reviewers can try the selfBACK questionnaire on <http://www.selfback.net/questionnaire>.

The user name is the last name with the first letter in capital (example: Michel) and the password is the first name also with the first letter in capital.

In case of difficulties login in, do not hesitate to contact me at [mmanago@kiolis.com](mailto:mmanago@kiolis.com).

If the questionnaire has been completed and you have clicked on finish on the last page, you will not be able to access it again.
